GENERAL SAFETY MEASURES

During Lahti Ski Games, a separate COVID-19 protocol is followed. The event participants are split into different groups (colours) according to their role. The groups will not meet each other, and everyone should follow all instruction regarding safety measures and COVID-19 testing.

COVID-19 EVENT TASK FORCE

ACCREDITATION

Responsible of the Accreditation Office is Mrs. Kirsi Hänninen, mobile +358 500 282 505.

Accreditation provides an accreditation card for all participants in order to make it easier for them to move around the sports center area, and to avoid disturbing them unnecessarily during the competition.

To be accredited the organizers must have in advance the required information about the person wishing to be accredited. The accreditation office checks the required information.

All teams will be accredited with the organizers' accreditation.

In accreditation, the participant must hold the FIS pass and a certificate of a negative COVID-19 test result taken in Lahti. If the participant has agreed that the test results can be informed directly to the organizer, the accreditation can be done without the participant bringing the test certificate personally (e.g. by team managers).

There will be two different places for accreditation. Accreditation office 1 is for the group red, which includes all the athletes and their teams, and the people who work in close contact with them.

At accreditation, you will receive a color coded accreditation card, which must be held visible during the whole event.

The accreditation office 1 (red) is located at Cross-Country Service area building (near ski jumping hills).
